

Hello ! You now have the +++ Questionnaire for the Residents of the Bahnhofstr. Hagen +++ in your hand ;-))

13 questions – takes about 25 minutes – circulation of 400 – in 6 languages – can also be downloaded as "PDF document/.pdf"

Relaunch Bahnhofstr Hagen. – Dissertation of Volker Goebel FB architecture / effective town-planning. Please go into the internet first at: <http://www.bahnhofstr-hagen.de> for comprehensive information. - If you don't have an internet connection please go to the internet café **Telecafé** on the corner of Bahnhofstr. and Graf-von-Galen-Ring. Relaunch means „a new start“: **"Relaunch Bahnhofstr Hagen"**

We have a pretty good idea of how much you suffered from the civil engineering in this district – Can we now plan “with” the residents ?! Please enter your house number. The evaluation will be anonymous. If you make suggestions you must tell us your name. This questionnaire is published in German, Italian, Turkish, Greek, French and English.

Responsible: Volker Goebel, Dip., SIHK Hagen, City of Hagen, People's representative and you - Hagen 09.01.03

Please cross only one answer to each question, to reach a preliminary decision : (only 1 x)

1. Decision on division of road space :

- a) Division: pavement (sidewalk) sunny side – vehicles shady side
Different road surface heights – no change
- b) Compromise: pedestrians and vehicles share the space
New status - 20 kph speed limit – but no pedestrian zone!
smooth road surface with drainage both sides.
- c) No traffic at all: A vehicle free pedestrian zone – everything
different also with smooth road surface and drainage both sides
- d) Your suggestion (please give your own name here) :

2. Decision Neumarktplatz (square) : (also called the Loggia)

- a) The green area and electricity building, no change
- b) Transformer underground, completely renew green area
- c) Transformer undergr., new green area, children's playground
- d) Transformer underground, reconstruct Neumarktplatz.
- e) Transformer undergr., rebuild Neumarktplatz with sculpture.
- f) Transformer undergr., open Neumarktplatz with 3 sculptures
- g) Your suggestion (please give your own name here) :

3. Decision water : (Slope to Station is 2,74 m in 522,06 m)

- a) no water in the Bahnhofstr – everything stays as it is
- b) 3 small open water installations with typical pools
- c) a narrow stretch of water (0,5 m) as at Friedrich-Ebert-Platz
- d) create several small water stretches, as e.g. in Freiburg
- e) a broad stretch of water over steps as, e.g. in Holland
- f) a dignified canal, 2,5 m wide, with paternoster boat
- g) your suggestion (please give your own name here) :

4. Decision trees : (you know what linden tree sap is like)

- a) keep all the trees – no change
- b) a double row of trees as in the newly designed area
- c) all the trees (lime trees with sap emission) are felled and
replaced by poplars that grow tall and slim.
- Then the street can be re-divided – into an avenue.
- d) the lime trees are repositioned for the new avenue
- e) your suggestion (please give your own name here) :

5. 1 Decision parking spaces : (currently 121 in the BfStr.)

- a) continue free parking for a few in the mornings – no change.
- b) install parking meters for all parking spaces
- c) your suggestion (please give your own name here) :

6. 1 Decision on decision methods of the planning team :

- a) planning is not really public – no change
- b) make planning public, financial contribution by residents
- c) your suggestion (please give your own name here) :

5. 2 Decision parking spaces : (currently 121 in the BfStr.)

- a) planners plan up to 40 % more parking spaces
- b) you would like about 40 % less parking spaces in the new allee
- c) your suggestion (please give your own name here) :

6. 2 Decision about the size of the planning team :

- a) only the City of Hagen does the planning – no change
- b) Dip., SIHK, residents and City of Hagen plan as a team
- c) your suggestion (please give your own name here) :

7. Decision sculptures : (genuine works of art)

- a) no sculptures – no change
- b) 3 sculptures, locations: cul de sac, Neumarkt, open
- c) 6 sculptures – placed strategically in the Bahnhofstr.
- d) 12 sculptures – a whole avenue of sculptures
- e) your suggestion (please give your own name here) :

8. Decision road surface: (currently asphalt und flagstones)

- a) asphalt on the road and flagstones – no change
- b) small-sized red paving as in front of the Deutsche Bank
- c) small-sized light-coloured paving with bitumen filling
as at the station end
- d) large, light-coloured, precision asphalt as
at Friedrich-Ebert-Platz
- e) your suggestion (please give your own name here) :

Or hand in to the SIHK, address to Mr. Dabringhaus. Or hand in to Mr. Torboli jr., Translation Office, Nr. 46 ;-)

... Continued +++ Questionnaire for the Reesidents of the Bahnhofstr. Hagen +++ (please think carefully!)

Please cross only one answer to each question, to reach a preliminary decision : (only 1 x)

9. Decision link Bahnhofstr – Bahnhofsvorplatz (square) :

- a) the zigzag route stays – no change
- b) install a 2nd crossing with traffic lights to Townhall II (that will be very near the existing traffic lights)
- c) move the existing lights by 57 Meter and install an approx. 67 m wide, conspicuously (colour-) marked crossing
- d) an approx. 6 m high pedestrian bridge with about 2 m path
- e) your suggestion (please give your own name here) :

10. Decision building site management:

- a) 500 meter long building site – no change
- b) division of the Bahnhofstr. building site into 3 time sectors
- c) building site management works in a local building following a 50 meter long building site – construction planning in close contact with the residents – place no trade at risk.
- d) your suggestion (please give your own name here) :

We would like you to think and write freely from this point on. - This is the questionnaire - Now is the time!

11. Please say something positive about the Bahnhofstr in Hagen : (moments, experiences, what you always wanted to say)

12. Please criticise the construction situation in the Bahnhofstr and suggest where there is room for improvement :

13. Please express your wishes and visions for your Bahnhofstr. within a time frame for „the next 40 years“ :

Please return to: Volker Goebel, Pelmkestr. 17, 58089 Hagen – volkergoebel@bahnhofstr-hagen.de

Or hand in to the SIHK, address to Mr. Dabringhaus. Or hand in to Mr Torboli jr., Translation Office, Nr. 46 ;-)

You may write on the margins or include extra sheets – we need information, and you need information.

We are approaching all households and businesses in the Bahnhofstr in Hagen. – Circulation of 400 copies.

Please do not forget to state your house number : ____ / your name voluntarily : _____

Thanks for taking the trouble and sharing in the democratic process. Your planners are available to talk at any time ;-)
